## SKYSERVICE'S COMPREHENSIVE SERVICE OFFERING INCLUDES:

### Avionics Services

Since 1986, Skyservice has been Canada's leading avionics maintenance and service facility. We can provide the installation of: ADS-B, TCAS, Satcom, IFE, NAV/COM/GPS, CPDLC/FANS, FMS, HF/Selcal, Heads-up Guidance, Weather radar, CVR/FCR, STCs, SBs/ADs. In addition, we are certified to overhaul NiCad, Lead Acid, Emergency Power Supply (EPS) and Lighting Packs, along with Laser Wire Marking for harness assembly, repairs, overhaul and recertification.

### Non-Destructive Testing (NDT)

Skyservice has Level 3 capability providing the highest and most sophisticated level of NDT service in the industry. We specialize in:

- Liquid penetrant inspection
- Magnetic particle inspection
- Eddy current crack/corrosion inspection
- Ultrasonic crack/thickness Inspection
- Bond test inspections
- Radiographic inspection

### Wheel Shop Services

Skyservice's Toronto and Montréal facilities have full-service wheel shops with the capabilities to rebuild or to completely overhaul wheels on all types of aircraft.

### Mobile Repair/Aircraft on the Ground (AOG) Services

Skyservice can provide unscheduled or emergency maintenance to customers 24/7. Our technicians can be dispatched anywhere in the world to ensure we meet our customers' needs.

### Aircraft Parts Sales & Service

We have a large warehouse of inventory on hand and can assist you in finding the right aircraft part, at the right price, and get it to where you need it on time. Our team of dedicated purchasing professionals have the skills, tools and resources to locate and supply you with any part that you may require on a 24/7 basis. With secure warehousing and advanced inventory control software at all of our locations, we can store, track and manage your inventory.
